The purpose of this form is to inform you of the health insurance policy that went into effect at Montana State University-Northern in the Fall of 2005. Please read this entire letter carefully, sign it, and date it at the bottom. It is important that this letter be signed and dated by the Parent/Guardian/Participant of the student-athlete. You(r) son/daughter will not be eligible to participate in athletics at MSU-Northern until this document is completed and handed in. If you have any questions, please call:

Christian Oberquell LAT, ATC- Head Athletic Trainer 406-265-4109

Health Insurance Coverage Agreement

As the parent/legal guardian/participant of ________________________, I understand that Montana State University-Northern does not carry health insurance for their student-athletes. Therefore, I realize that ALL medical bills incurred as a result of my son/daughter participating in athletics at MSU-Northern are my responsibility. I realize that it is mandatory for my son/daughter to be adequately covered by health insurance while participating in athletics at MSU-Northern. This health insurance policy that I have chosen, covers my son/daughter for accidents that occur from sports participation (broken bones, torn ligaments, dislocation, etc…). If I cancel or have my medical insurance discontinued for any reason, either voluntarily or involuntarily, I realize that all medical bills that may accumulate are still my responsibility and not the responsibility of MSU-Northern or its employees. It is the responsibility of the Parent/Guardian/Participant to determine if the insurance the student-athlete is currently covered under is adequate for athletic participation and will cover the student-athlete in the state of Montana State University-Northern. Should the insurance not cover athletics or in the state of Montana all medical bills will be the responsibility of the parent/guardian/participant. The student-athlete must be covered during all participation of any type of sport/team related activity throughout the school year. This includes all pre-season, in-season, postseason and off-season activities that take place during the school year and season of the sport. If the student-athlete is not covered during any of this time, they will not be allowed to participate. Any injury incurred will not be the responsibility of Montana State University-Northern. It is the recommendation by the MSU-Northern Athletic Training staff that the student-athlete be covered for all 9-10 months while at school.

I have read the above agreement and understand its contents.
