LOW ENROLLED COURSES SUBJECT TO CANCELLATION

These online courses will be delivered using Desire2Learn, our online course delivery tool. A Desire2Learn account will be established for you when your registration is processed. Although you won't be able to log into your course until seven days prior to the start of the class, it is critical that you access your Desire2Learn account for course-related materials by the first day of class. Log on to view the syllabus and become acquainted with Desire2Learn. Instructors may still be making changes to the course and may not have assignments ready for you until the first day of class. If you have added the course late, you should access this account as soon as possible!

Visit our website: <http://www.msun.edu/distance> Becoming an online learner takes initiative, self-discipline and requires you to read through materials that would be discussed out loud in either a classroom or study group discussion in an on campus course. Learning to find information online and learning to use the tools in a Desire2Learn course will be your first challenges as a new online student.
