Alumni Association Scholarship Social & Chinese Auction

The Alumni Chinese Auction this year was another success! Final numbers are still coming in but it seems like the final amount will be even with last year. Over 120 donations were offered up in the live, silent, and Chinese auctions to make for an exciting evening. Many thanks go to the Alumni Association Board and the auctioneers for making this event successful. We had a packed house with over 150 people in attendance. The Chinese Auction and Social has had over 25 years of success. Carol Jestrab, Chair of the Auction Committee said, "We have strived for the past few years to earn enough money to give 17 - \$750 scholarships to our students. They are for athletes, continuing students, new incoming student, single-parents, fine arts, and graduate students." Thanks to all who participated in this year's Alumni Association Scholarship Social and Chinese Auction!

New Alumni Director

Northern Alumni Association announces their new Alumni Coordinator: Autumn Elliot. Elliot has accepted the position to help move the Alumni Association forward and expand their membership. Elliot is a 1999 graduate from MSU-Northern in Design Drafting. During her time as a student she was actively involved in the NorthStar Student Ambassadors and played volleyball. After graduating from Northern, she moved to Great Falls and worked for CTA Architects and Engineering. Elliot also has an Industrial

Arts teaching degree from Minot State University. In 2008, Elliot and her family moved back to Havre, and she began teaching in Northern's Design Drafting program. She has been a great asset to the program and is a great addition to the Foundation & Alumni Association. Welcome Autumn Elliot!

Faculty/Staff Volleyball Team

Are you interested in playing on Northern's Faculty Staff Volleyball Team?? The roster needs to be turned in by this week. You don't have to be trained or a sports superstar to join this team. It's meant to be a fun time getting to know each other, while taking part in a fitness event. The team plays twice a week, but attendance at all games isn't required. Contact Trygve "Spike" Magelssen if interested: 406-265-4123 (work) or 218-779-1249 (cell)

Banned Book Week

Northern's Library staff helped the campus celebrate our rights to read and think for ourselves. They set up a display and gave away cookies as a way to draw attention to Banned Book Week (BBW) Sept. 25-Oct. 2. For more information about BBW, visit the Library's web page (<http://msun.edu/infotech/library/>).

MAT's Upcoming Season

The Montana Actors' Theatre of Havre has already begun working on this year's performances to share with the community.

October

In October *Mr. Marmalade* will be showing. This show is about a little girl who has imaginary friends with a lot of edgy and difficult struggles.

December

Sophocles Antigone will be presented during December. This is a classic story about a willful girl's struggle as she seeks to honor her family under penalty of death.

January

Caught in the Net is MAT's feature in January. It's a sequel to the play *Run for your Wife*, which MAT performed previously. It's about a tangled relationship that forms over the Internet.

March

Fiddler on the Roof is this year's musical, and it will be showing in March. This story revolves around a Russian Jewish family with five daughters looking for husbands.

May

The last play of the season will be *Hollywood Arms*. It centers around a young girl with a dysfunctional family. Her only escape is her day-dreaming

adventures on the apartment rooftop. MAT has a variety of shows playing this year, so be sure to check them out!

Time for the Harvest

Fall is synonymous with harvest time. There is a chill in the air; coats, hats and gloves are brought out of storage, and apple cider is on the table. The crops are in, and winter is on its way.

Many of us are experiencing personal "harvest years." We've worked hard. Now is the time to reap the rewards of what we've sown and create lasting memories to be cherished for years to come. We want to live each day in the moment and live without regret. Our goal is a bountiful harvest for us and our loved ones.

Seventy-five people were asked what they would change if they had life to live over again. First, they said they would take more risks - you know, eat more ice cream and less yogurt; walk barefoot in the sand. Second, they would work harder on developing and maintaining healthy family relationships. And finally, they would establish a legacy by which they would be remembered.

A legacy is something established now, that will live on. It's more than a monument; it's a memory marker. The Washington Monument is a legacy to the life of George Washington. Arlington National Cemetery has monuments in memory of the lives of those who defended this country's freedoms. A legacy leaves a lifetime of memories lighting the way for future generations. It's a portrait of our past that hopefully brings inspiration to others.

Harvest time provides an opportunity to reflect on meaningful ways that we can create a lasting legacy. The legacy that we leave could be established through memories, time, or our resources. What will be your legacy? Perhaps you will decide to make a difference by participating in your community, making a donation to your favorite charity, and spending more time with those you love. Whatever you choose, don't let this time of harvest pass without thinking about creating your lasting legacy. For more information on how you can leave a lasting legacy please contact Northern's Foundation at 265-3711

In 1972 Northern dropped football as a cost saving measure. On Saturday,

August 29, 1998, at Rocky Mountain College, Northern played its first college football game in 26 years. Even though Northern lost by 45 points, they did manage to score one touchdown in the 52-7 loss. Here is a picture of that touchdown scored 12 years ago. Can you name the person who caught this touchdown?

To see many of these former football players from the past half a century, please attend the Homecoming football game this Saturday at Blue Pony Stadium versus the Carroll College Saints. Over their past 69 conference games the Saints have only lost once and that was here against the Northern Lights in 2006. The name of the first TD recipient in over 26 years is Dan Yeager.
