SEA Club Helps Students Stay Warm

With colder weather on its way, the Student Education Association (SEA) is proud to announce a campus community Coat Drive. Located in the library breeze-way, SEA is maintaining a coat rack with free-will donated coats. If you have a gently worn, clean coat for an adult or child, please donate it to the Coat Drive by hanging it on the rack. Let's help everyone stay warm this winter. If you need a coat, please help yourself.

Automotive Co-Op Student Spotlight

Frankie Nieft is an automotive technology major from Casper, Wyoming. After sending his resume to several businesses in Chinook, he chose Jamieson Motors – a small, family-run car dealership – for his co-op program. Since

then, he's been responsible for vehicle diagnostics and repairs. He's received on-the-job training; he's expanded his resume, and – he says – it's nice to get paid, but he likes the learning most of all. The techniques that were once tedious and time consuming have become quicker and easier. For Frankie, the co-op experience has been an opportunity to develop the skills he learned at Northern, and when he graduates, he'll have a strong foundation of classroom knowledge and real-world experience to carry into the job market.
