Chancellor James Limbaugh
Chancellor Limbaugh addressed the committee with the following information:

His contract is 18 months but stated it is not his plan to leave as long as he has support of MSUN, Board of Regents support and feels he is accomplishing good things for MSUN.

We have a hard fight ahead of us with Board of Regents as we have all heard that there was previously a proposal to close MSUN therefore we have to establish our position of value and it starts with our enrollment as well as complying with deadlines set for MSUN. The Student Learning Assessment has to be completed by 5/1/12 and the Institutional Accreditation Assessment Plan must be completed by 7/1/12, as we have been cited by the accreditation board since 2007.

In his experience at serving on an assessment committee, a rubric was embedded in selected courses and followed through. .

He encouraged everyone to leave comments in the library to help establish a strategic plan.

He also gave general elaboration on the topics discussed at UAC.

The remainder of today’s agenda was tabled until the February Meeting.
