ADTSEA
American Driver & Traffic Safety Education Association
69th Annual Conference

**THE NEW FRONTIER
OF**

TRAFFIC SAFETY

BILLINGS, MONTANA • JULY 20-23, 2025

The poster is designed to look like a piece of aged, torn paper with four hole punches at the corners. It features the ADTSEA logo at the top, followed by the conference title. The central image is a split composition: the left half shows a vintage 1930s-style car driving on a dirt road in a desert landscape, while the right half shows a modern blue sedan driving on a multi-lane highway towards a city skyline at sunset. The text 'THE NEW FRONTIER OF' is positioned above the image, and 'TRAFFIC SAFETY' is below it. The event location and dates are at the bottom.
