

Women of Wabtec Field Services Scholarship Program

About Wabtec

Wabtec is a leading global provider of equipment, systems, digital solutions, and value-added services for the freight and transit rail sectors. Drawing on over 150 years of experience, we are leading the way in safety, efficiency, reliability, innovation, and productivity. Whether its freight, transit, mining, industrial or marine, our expertise, technologies, and people – together – are accelerating the future of transportation.

Our people, with their extraordinary collective talent, vision and experience are our biggest asset. Our dynamic leadership team has a proven strategy to empower over **27,000 employees in over 50 countries** around the world. Please visit our website for more information about us: www.wabtec.com

Women of Wabtec

The Field Services Scholarship program was established by Wabtec's Employee Resource Group – Women of Wabtec. The Women of Wabtec's mission is promoting the importance of gender diversity within all levels of Wabtec, advancing one of our core values of *Embrace Diversity*.

Wabtec & MSU Northern Partnership

For over 25 years, Wabtec (formerly as GE Transportation) has enjoyed an exceptionally strong partnership with MSU Northern. As of 2024, we have hired over 150 MSU Northern graduates. Those alumni can be found at all levels of our company, including in executive level positions, and many of which started as interns at our local Havre Diesel Shop. We continue our strong support of MSU Northern and the College of Technical Sciences through active participation, scholarships, providing tools and other resources, and of course recruiting of current and former students.

Women of Wabtec Field Services Scholarship Program:

Established in 2021, The Women of Wabtec Field Services Scholarship Program was established to encourage and assist MSUN/COTS students who are pursuing a degree in diesel technology, automotive, electrical, and/or fuels technology, although other closely related degrees can be considered. **While the goal is the promotion of female current students and future employees in our industry, the scholarship is open to students of all genders.** To apply for the scholarship, please complete the application on the next page and return to the MSU Northern Alumni Foundation office.

Internship Opportunities

Wabtec regularly hosts paid internships in the fall, spring, and summer semesters both locally in Havre and at other locomotive service sites across the country. **Scholarship applicants are highly encouraged to have completed at least one (1) internship with us prior to applying for the scholarship**, and will have hopefully demonstrated a long-term passion for locomotive maintenance and services.

Questions about the scholarship

To ensure you receive the most up to date information, please direct all questions regarding the scholarship (due dates, payment details, additional requirements, etc.) to the MSU Northern Alumni Foundation.

Women of Wabtec Field Services Scholarship Application Form
