American Indian Heritage Week

The Little River Institute, in collaboration with the Sweetgrass Society, and the TRIO Student Support Services program, organized several events on the MSU-Northern campus this past week in honor of American Indian Heritage Week.

The week began with the annual TiPi raisings. This year Dustin Weatherwax of Browning shared the Blackfeet tipi with us. Thomas Champagne of Fort Belknap and Havre shared the Aaniiih (Gros Ventre) tipi with us. The Sweetgrass Society provided the third tipi. The campus welcomed the Nakoda (Assiniboine) women to share their culture with us. In addition, people wore purple on Tuesday, September 24, for Suicide Prevention Awareness, an issue that they have chosen to be a focus of their organization this year.

Student Central Retains the Door Prize for a Second Year

Student Central has once again taken the top prize in the competitive Northern Homecoming Door Decorating Contest. In a rousing show of spirit, they placed a large balloon arch outside their main entryway – a clear display of a portal to another time. When one steps through the portal, their breath is taken away, they ponder “which decade am I in?” as they look around them at the lifelike replica of MSUN’s very own Goose automobile and the old jerseys taped to the portraits on the wall. At least, this is what one has to assume went through the judges minds when they awarded Student Central a perfect score in every category. In an astonishing show of impartiality, the ambassadors forgot their ties to the department that employed them when they awarded Student Central the top prize for the second year running. Congrats Student Central!

A Look at Our World 90 Years Ago

This week marks the 90th anniversary of classes beginning at Northern. As you will notice in several other articles in this week's NNN, this indeed is a monumental occasion that is being celebrated across the campus. Please bear with me this week as we go back in time to see the beginnings of Northern. Originally established as "Northern Montana Agricultural and Manual Training School" opened

in 1929 as “Northern Montana School.” In 1931 the name was changed to “Northern Montana College” and then in became Montana State University-Northern in 1994.
